

## Voices of Canton

Voices of Canton is a Stark County choral tradition celebrating its 77th season. At the core of our organization is a 65 voice auditioned community chorus performing throughout Stark County. VOICI, (pronounced vo-chee) engages people of all ages in our community through innovative choral music programming, such as:

### Sing Stark!

A pop-up style chorus that meets monthly at the Canton Brewing Company in downtown Canton.

### Seniors Sing

A program that fosters the creation of choirs in assisted living homes and senior centers.

### Summer Youth Honors Chorus

A one week day camp offering creative vocal and choral experiences for Stark County middle school singers.

### Canton City School District Partnership

Creating choral inspired learning opportunities for students of our community.

Schools enrolling 4 or more students will receive a scholarship for one student.

Dr. Jon C. Peterson, of Malone University will honor the school with the highest enrollment to the Summer Youth Honor Chorus, as a guest clinician for one event.

# SUMMER YOUTH HONOR CHORUS

## The Experience

Voices of Canton with support of an AIS SmArt grant is presenting the Summer Youth Honor Chorus for talented middle school students of Stark County. This one week day camp cultivates the art of singing in promising vocal students by connecting them to inspiring choral directors of NE Ohio through engaging choral experiences. Students will receive music and vocal training in four afternoon break-out sessions focused on healthy vocal technique, audition skills, music theory essentials and musical theatre. The camp culminates on the evening of the final day with a choral performance.

Incoming 7th to 9th graders are invited to enroll in the camp by returning a completed registration form and a \$50 participation fee. Registration includes a camp T-shirt, snacks and lunches as well as dinner before the performance.
